

# Health System Membership

## One Membership, Multiple Benefits.

As hospital system budgets consolidate, the need for CLSI standards becomes more critical. Implementing our standards allows laboratories to more effectively offset costs and ensures the highest level of quality is maintained.

It is imperative that staff members at every site are empowered with the same access to these standards, ensuring uniform, high quality testing results and superior patient care outcomes throughout your entire health care system.

## One Membership Covers All Sites and Staff

Health System Membership extends all the benefits of CLSI Level I membership to every site within your health system under one membership umbrella.

**Save on membership dues per site**—instead of paying a separate membership fee for each location, bundle and save across all sites.

**Simplify administration** by having one membership account to manage, and one license to our online eCLIPSE Ultimate Access™ standards database that covers all of your users system-wide.

**Benefit from a centralized membership plan** that ensures all locations are following the most up-to-date standards—enabling better patient care and, in turn, reduced costs.

Membership Type	Annual Dues	# of Sites per Membership	Cost per Site
<b>Level I Membership</b>	\$5,000	1	\$5,000
<b>VS.</b>			<b>VS.</b>
<b>Health System Membership</b>	\$8,000	Up to 8	\$1,000
	\$8,500	9	\$945
	\$9,000	10	\$900
	\$9,500	11	\$865
	\$10,000	12	\$835
	\$11,500	15	\$770

# Health System Membership Benefits

## All of your sites and staff will enjoy:

**Anywhere, anytime access to CLSI standards with eCLIPSE, our convenient and secure online portal.**

Provide CLSI's complete, most up-to-date library of consensus-based standards to your entire health system via eCLIPSE, our convenient and secure online portal.

**Free educational tools and opportunities for up to two people per site.**

CLSI will provide free copies of our companion products to every site within your health system, as well as complimentary registration for any CLSI eLearning program for up to two people at each site.

**70% discounts on additional CLSI products and programs.**

CLSI offers much more than just standards to help laboratories improve quality practices. Health System Members receive 70% off our educational programs, special products, and more.

**Access to invaluable volunteer opportunities for all of your staff.**

As CLSI members, all staff in your health system will be eligible to volunteer in our standards development process, where they can enrich their résumés and boost your health system's recognition for helping to set the standards for patient care quality worldwide.

## Gain Ultimate Access to CLSI Standards With eCLIPSE

eCLIPSE, CLSI's cloud-based online portal, provides anywhere, anytime system-wide access to all CLSI standards. Our recently upgraded platform makes it even easier for administrators and directors to provide documents that empower staff everywhere to uphold the highest quality standards.

- ▶ **Choose Your Model for Control:** Each health system has the flexibility to select from several user authentication models that work best for their locations.
- ▶ **Know Staff Is Working From the Most Current Standards:** eCLIPSE automatically updates when revisions of standards or new documents are released, so you can be confident your teams are accessing the most up-to-date best practices.
