

Health System Membership

One Membership, Multiple Benefits.

As hospital system budgets consolidate, the need for CLSI standards becomes more critical. Implementing our standards helps laboratories offset costs and ensures the highest level of quality is maintained.

It is imperative that staff members at every site are empowered with access to these standards, ensuring uniform, high quality test results and superior patient outcomes throughout your entire health care system.

One Membership Covers All Sites and Staff

Health System Membership extends all the benefits of CLSI Level I membership to every site within your health system under one membership umbrella.

Save on membership dues per site—instead of paying a separate membership fee for each location, bundle and save across all sites.

Simplify administration by having one membership account to manage, and one license to our online eCLIPSE Ultimate Access™ standards database that covers all of your users system wide.

Benefit from a centralized membership plan that ensures all locations are following the most up-to-date standards—enabling better patient care and, in turn, reduced costs.

CLSI will work with you to customize your site-specific package.

Membership Type	Annual Dues	# of Sites per Membership	Cost per Site
Level I Membership	\$5,000	1	\$5,000
VS.			VS.
Health System Membership	\$8,000	Up to 8	\$1,000
	\$8,500	9	\$945
	\$9,000	10	\$900
	\$9,500	11	\$865
	\$10,000	12	\$835
	\$11,500	15	\$770

Health System Membership Benefits

All of your sites and staff will enjoy:

Anywhere, anytime access to CLSI standards with eCLIPSE, our convenient and secure online portal.

Provide CLSI's complete, most up-to-date library of consensus-based standards to your entire health system via eCLIPSE, our convenient and secure online portal.

70% discount on additional CLSI products and programs.

CLSI offers much more than just standards to help laboratories improve quality practices. Health System Members receive 70% off our educational programs, special products, and more.

Free Resources in My CLSI

Watch on-demand webinars or register for upcoming webinars* for staff at your health system. Access accreditation crosswalks and more.

**Some webinars have a fee per site. Member discounts apply.*

Invaluable volunteer opportunities for all of your staff.

As CLSI members, all staff in your health system will be eligible to volunteer in our standards development process, where they can enrich their résumés and boost your health system's recognition for helping to set the standards for patient care quality worldwide.

Gain Ultimate Access to CLSI Standards With eCLIPSE

eCLIPSE, CLSI's cloud-based online portal, provides anywhere, anytime system-wide access to all CLSI standards. Our platform makes it even easier for administrators and directors to provide documents that empower staff everywhere to uphold the highest quality standards.

- ▶ **Single Sign On:** One login for CLSI website, Eclipse, eLearning and Exchange.
- ▶ **Know Staff Is Using the Most Current Standards:** eCLIPSE automatically updates when revisions of standards or new documents are released, so you can be confident your teams are accessing the most up-to-date best practices.

Visit www.clsi.org/healthsystems, e-mail membership@clsi.org, or contact the CLSI Membership Department at **+1.610.688.0100** to get your application started today.
